INTEGRATING AI SUPPORT IN ESP CLASSES

Policy Frameworks, Good Practices and Future Directions

June 17, 2026

Innovation in language acquisition through AI
Francesco Costantini
University of Udine

- “... fresh ways of meeting outstanding challenges.” (OECD, Handbook for Innovative Learning Environments, 2017)

- “... fresh ways of meeting outstanding challenges.” (OECD, Handbook for Innovative Learning Environments, 2017)
- the societal context has changed significantly

- “... fresh ways of meeting outstanding challenges.” (OECD, Handbook for Innovative Learning Environments, 2017)
- the societal context has changed significantly
- communication has changed significantly

- “... fresh ways of meeting outstanding challenges.” (OECD, Handbook for Innovative Learning Environments, 2017)
- the societal context has changed significantly
- communication has changed significantly
- learners have changed significantly

- “... fresh ways of meeting outstanding challenges.” (OECD, Handbook for Innovative Learning Environments, 2017)
- the societal context has changed significantly
- communication has changed significantly
- learners have changed significantly
- traditional challenges in FLT: difficulties in achieving proficiency, limited opportunities for authentic interaction, and issues of motivation

- Role of AI in addressing these challenges:
 - rethinking language learning

- Role of AI in addressing these challenges:
 - rethinking language learning
 - not just AI, but the way it is integrated into learning

- Role of AI in addressing these challenges:
 - rethinking language learning
 - not just AI, but the way it is integrated into learning
 - adaptability and personalization of AI

- Role of AI in addressing these challenges:
 - rethinking language learning
 - not just AI, but the way it is integrated into learning
 - adaptability and personalization of AI
 - reflecting on our role as instructors

- Role of AI in addressing these challenges:
 - rethinking language learning
 - not just AI, but the way it is integrated into learning
 - adaptability and personalization of AI
 - reflecting on our role as instructors
 - innovation as something that emerges in practice

- AI in education
 - challenges but also opportunities!

Thank you for your attention!

Mulțumesc pentru atenție!

Hvala za pozornost!

Hvala na pažnji!

Grazie per l'attenzione!
